OCTOBER 2017 MARKS ANOTHER SUCCESSFUL 'GO PURPLE' CAMPAIGN!

This marks the end of another successful Go Purple Campaign. The theme for 2017 was **"It Takes a Village to Keep Kids Safe."** This year, our community helped to raise awareness about the role of Children's Aid in the community and the shared responsibility that all members of the community have in protecting children and youth.

This year educators were provided with new resources and activities leading up to their Go Purple Day to emphasize the importance of the importance of early prevention. Visit www.ocas.org/dress-purple-day-resources-for-teachers for the Purple Day resources.

Thank you for your partnership and support, and for all that you do to support children, youth and families each and every day!

October 2017

Go Purple for
Child Abuse
Prevention

Thank you
Windsor-Essex!

For your support
and participation!

Together we can
make a
difference!
