INDEPENDENT AUDITORS' REPORT

To the Members

We have audited the accompanying financial statements of Windsor-Essex Children's Aid Society which comprise the statement of financial position as at March 31, 2018, and the statements of revenue and expenditures, changes in net assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Windsor-Essex Children's Aid Society as at March 31, 2018, and its results of operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Notes to Financial Statements

Year ended March 31, 2018

The Windsor-Essex Children's Aid Society (the "Society") is incorporated without share capital under the laws of the Province of Ontario. The Society is dedicated to the well-being and safety of every child by advocating for, and partnering with, children, families and communities. The Society is a registered charity under the Income Tax Act and accordingly is exempt from income taxes and able to issue donation receipts for income tax purposes.

1. Significant accounting policies:

(a) Basis of presentation:

The financial statements of the Society have been prepared in accordance with Canadian Public Sector Accounting Standards including the 4200 standards for government not-for-profit organizations. In accordance with the practice common to similar organizations, the Society follows the fund basis of accounting to recognize in its accounts the responsibility to employ funds only for the purposes for which such funds were raised or contributed.

The Operating Fund reflects the day-to-day child welfare operations of the Society. The Society operates under the regulations and financial policies of the Ministry of Children and Youth of Services ("the Ministry") which provides operational funding on the basis of approved service plans.

The Capital Fund holds the capital assets of the Society.

The Donation Fund receives monies such as bequests, donations and those monies from other non-Ministry sources (exclusive of those specifically directed to another fund). These monies are to be used for programs not funded by the Ministry of Children and Youth Services and not otherwise related to the service plans.

The Other Child Welfare Fund (formally Non-Child Welfare) operates under the regulations and financial policies of the Ministry of Children and Youth Services and the Ministry of Community and Social Services, which provides operational funding for specific programming to enhance Community Programs. Current year fiscal funding was specific to Child Abuse Prevention, Transformation and Transitional Aged Youth.

Notes to Financial Statements (continued)

Year ended March 31, 2018

1. Significant accounting policies (continued):

(a) Basis of presentation (continued):

Ontario Child Benefit Equivalent ("OCBE") Pooled Funding is a Provincial directive which was effective November 14, 2008. The pooled fund shall be used in two ways:

- i) To provide opportunities for all children and youth in care and in formal customary care aged 0-17 to participate in recreational, educational, cultural and social activities that are consistent with their plans of care.
- ii) To establish a savings program for youth in care aged 15-17 to assist with a successful transition to independent living. The savings program will provide all eligible youth with financial skills to help prepare them for independent living and savings will assist with the costs of their basic needs upon leaving care.

Registered Education Savings Plans for children are to be established utilizing the Universal Child Care Benefit (UCCB) funding received by the Society, through the Federal Child Tax Benefit. The Registered Education Savings Policy Directive 001-08 is effective April 15, 2008 and requires the Society to hold individual Registered Education Savings Plans for each eligible child.

(b) Revenue recognition:

The Society follows the deferral method of accounting for contributions.

Investment income is recognized as revenue when earned in each of the appropriate funds.

Capital contributions received for the purpose of funding acquisitions of capital assets are deferred and amortized to income on a basis consistent with the amortization of the related capital asset.

Notes to Financial Statements (continued)

Year ended March 31, 2018

1. Significant accounting policies (continued):

(c) Capital assets:

Land, buildings, office equipment, vehicles, computer hardware/software and computer equipment under capital lease are recorded at cost. Amortization is recognized in the financial statements using the straight-line method. Buildings are amortized over a 40 year period. Building and property enhancements are amortized over a 24 year period. Office equipment and vehicles are amortized over a 5 year period. Leasehold improvements are amortized over a 5 year period. Computer hardware/software and computer equipment under capital lease are amortized over a 3 year period. No amortization is taken on assets in progress until they are placed in use.

(d) Employee future benefits:

The Society provides defined retirement and other future benefits for substantially all retirees and employees. These future benefits include drug, other medical supplementary hospital, dental, vision and travel. The actuarial determination of the accrued benefit obligations have been prepared using the projected benefit method pro-rated on service. The most recent actuarial valuation of the benefit plans for funding purposes was as of April 1, 2017, and the next required valuation will be as of April 1, 2020.

Actuarial gains (losses) on the accrued benefit obligation arise from the differences between actual and expected experience and from changes in the actuarial assumptions used to determine the accrued benefit obligation. The net accumulated actuarial gains are amortized over the average remaining service life to retirement estimated to be 18.2 years.

Past service costs arising from plan amendments are recognized immediately in the period the plan amendments occur.

(e) Financial instruments:

Financial instruments are recorded at fair value on initial recognition. Derivative instruments and equity instruments that are quoted in an active market are reported at fair value. All other financial instruments are subsequently recorded at cost or amortized cost unless management has elected to carry the instruments at fair value. Management has elected to record any future interest rate swaps at fair value.

Notes to Financial Statements (continued)

Year ended March 31, 2018

1. Significant accounting policies (continued):

(e) Financial instruments (continued):

Unrealized changes in fair value are recognized in the statement of remeasurement gains and losses until they are realized, when they are transferred to the statement of operations. As the Society has no financial instruments recognized at fair value, the Society does not have a statement of remeasurement gains and losses.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred. All other financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the straight-line method.

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the statement of revenue and expenditures.

(f) Contributed services:

A substantial number of volunteers contribute a significant amount of their time each year. Because of the difficulty of determining the fair value, contributed services are not recognized in these statements.

(g) Use of estimates:

The preparation of the financial statements in conformity with Canadian Public Sector Accounting Standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Significant items subject to such estimates include the valuation of accounts receivable, capital assets and the liability for employee future benefits. Actual results could differ from those estimates.

Notes to Financial Statements (continued)

Year ended March 31, 2018

Amounts receivable from/payable to funding provider:

As at March 31, 2018 the Society has recorded an amount receivable from the Ministry of \$218,089 (2017 - \$80,006), and an amount payable to the Ministry of \$nil (2017 - \$nil).

12. Grants:

Dave Thomas Foundation:

The Dave Thomas Foundation grant was initially approved in 2007 and annual renewals have continued from that date. Each year payments are provided in four equal increments. The purpose of the grant is to assist with funding a specialized recruiter for adoption home. The Society created a position titled "Wendy's Wonderful Kids Recruiter", which was filled permanently in June 2007. Expenditures incurred up to March 31, 2018 total \$93,350 for related expenses including a portion of the adoption recruiter wages and travel expenses to attend the Adoption Resource Exchange as well as the Dave Thomas Foundation Conference.

Dave Thomas Foundation grant historical financial summary:

12. Grants (continued):

Ontario Ministry of Colleges & Universities:

In fiscal 2010 the Society joined the Crown Ward Education Champions initiative and partners with the Boards of Education, Children's Aid Societies and the Province of Ontario in the South West region of Ontario. The larger group was divided into geographical sections and Windsor-Essex, Chatham-Kent and Lambton formed a working group to develop a business plan that will meet the following objectives - Support better education, training and employment opportunities for youth with Crown Ward status; Create, implement and maintain a local community based model; Create, implement and maintain a sustainable and responsive support system for youth with Crown Ward Status. Windsor-Essex Children's Aid Society was approached by our local Ministry office to administer all funds received from the Ontario Ministry of Colleges and Universities. In fiscal 2011 the Ministry of Colleges and Universities approved the business plan to develop a collaborative data collection tool; identify gaps in Education, Knowledge and Social Development for Crown Wards; Nurture Student motivation/resilience/leadership; Transition Opportunities; employment experience programs and develop liaison and protocols among the Championship Partners. In fiscal 2017-2018 expenditures amounted to \$23,801. The remaining funding of \$7,329 was deferred.

Ontario Ministry and Colleges & Universities grant historical financial summary:

	Funding Expenditures		Surplus

13. Pension plan:

The employees of the Society are members of the pension plan administered by the Ontario Municipal Employees' Retirement System ("OMERS") which is a multi-employer defined-benefit plan. Contributions during 2018 amounted to \$3,081,708 (2017 - \$3,081,899). The OMERS plan is currently in a funding deficit position.

14. Financial instruments:

(a) Interest rate risk:

Interest rate risk refers to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Financial assets and financial liabilities with variable interest rates expose the Society to cash flow interest rate risk. The Society is exposed to this risk through its interest bearing debt.

In the prior years, the Society mitigated against interest rate cash flow risk with respect to its long-term debt using an interest rate swap agreement. There are no swap agreements outstanding at the end of March 31, 2018.

(b) Credit risk:

Credit risk refers to the risk that a counterparty may default on its contractual obligations resulting in a financial loss. The Society is exposed to credit risk with respect to the accounts receivable. The Society assesses, on a continuous basis, accounts receivable and provides for any amounts that are not collectible in the allowance for doubtful accounts. There have been no significant changes to the credit risk exposure from 2017.

(c) Liquidity:

In managing capital, the Society focuses on having liquid resources available for operations. The Society's objective is to have sufficient resources to continue to fund operations, repay financing and to fund capital expenditures despite adverse financial events. The need for sufficient liquid resources is considered in the preparation of the annual budget, with actual results being compared to budget on a regular basis.

15. Commitments:

The Society is committed to estimated minimum annual payments under operating lease agreements over the next five years and thereafter as follows:

	Annual payments
2019	\$ 164,945
2020	164,945
2021	164,945
2022	177,064
2023	177,064
Thereafter	2,468,872

16. Contingencies:

Due to the nature of its operations, the Society and/or its directors or employees are periodically subject to lawsuit(s) in which they are defendants. In the opinion of management, the ultimate resolution of any current lawsuit(s) would not have a material effect on the financial position or results of operations of the Society.

17. Ministry reporting:

The Society reports its financial results to the Ministry of Children and Youth Services on a basis that is other than Canadian Public Sector Accounting Standards as follows:

		2018		2017
Deficiency of revenue over expenditures per financial statements	\$ (4,1	140,750)	\$	(2,652,786)
Less: Adjustments for non-GAAP/Grant items	3,0	93,789	2,652,786	
Balanced Budget Fund	9	93,041		
Expenditures over revenue as reported to the Ministry	\$	(53,920)	\$

18. Balanced Budget Fund and Future Access to Surplus

In 2014, the Ministry of Children and Youth Services announced the creation of the "Balanced Budget Fund" to support Children's Aid Societies in meeting the newly announced balanced budget requirements that were outlined in the Ministry's Regulation 70. The Balanced Budget Fund process has been developed individually for each Children's Aid Society and will reflect the accumulated surplus that was returned to the Ministry each fiscal year. To be eligible to access these funds, the Society must been two conditions:

- 1) The Society must have generated a prior year surplus recovered in or after 2013-2014; and,
- 2) The Society must require additional funding in a future year for child welfare operations in order that they will not incur a deficit. The required amount cannot exceed the total accumulated Balanced Budget Fund surplus.
- 3) The amount of \$993,041 was Ministry approved for utilization in 2017-2018. The accumulated Balanced Budget Fund as at March 31, 2018 is \$nil.
